

Dear Parents/Carers

Principal:
Chris Nattress BA (Hons) PGCE PGDipM MSc

Following the Government announcement regarding the closure of schools, colleges and universities from Friday 20 March, we would like to provide additional information regarding vulnerable learners.

Please be assured that we have got support in place and learners have been directed to remote learning from Monday 23 March, supported by their key worker and Student Mentor.

We are currently working on a more detailed plan on how best to support learners who fall into this category and will share with you as soon as possible.

As a country, we need to do all we can to reduce the spread of the COVID-19 virus. That is why the Government has given clear guidance on self-isolation, household isolation and social distancing.

The most recent scientific advice on how to limit the spread of the virus is clear - if learners can stay safely at home, they should. That is why parents, carers and guardians are being urged to keep their children at home wherever possible.

All of our safeguarding and support services currently in place will remain. More information can be found on our website at the following link:
www.lcwc.ac.uk/support/safeguarding-and-prevent

Further wellbeing support and links to help that is available can be found on our website:
www.lcwc.ac.uk/wellbeing

As we face extremely challenging times, we remain committed to provide the best education we can for our learners at Lakes College.

Can I take this opportunity to thank for your support and understanding,

Yours sincerely,

Chris Nattress
