

GAIN A DEGREE LEVEL QUALIFICATION WHILST  
BUILDING YOUR CAREER WITH A LOCAL EMPLOYER.

APPLICATIONS OPENING AT THE END OF JANUARY FOR  
OUR NUCLEAR ENGINEER/TECHNICIAN DEGREE LEVEL  
APPRENTICESHIPS, COMMENCING SEPTEMBER 2018.

**ENERGUS.**

With our Degree Level Apprenticeships, you'll be studying on a course that's tailored to industry needs, while gaining critical skills which are highly valued by employers. Studying and working in West Cumbria means that not only will you be at the forefront of the UK's Energy Coast, you'll also be gaining a degree level qualification without paying tuition fees, whilst earning a salary.

**A NUMBER OF NUCLEAR RELATED DISCIPLINE SPECIFIC PATHWAYS WILL BE AVAILABLE**

**ENTRY REQUIREMENTS:** All candidates must hold (or be predicted to achieve) a Level 3 qualification e.g. A Levels, BTEC etc, with Grade C (5) in maths, English and science.

**OPENING DATE FOR APPLICATIONS:** 29th January 2018

**CLOSING DATE:** 13th April 2018

Apply on-line at [lcwc.ac.uk](http://lcwc.ac.uk) or contact our student services team on **01946 839300**

*Successful applicants will be required to attend assessment centre activity as part of the process - please see web-site for further details and date information.*

**DESIGNED BY INDUSTRY, FOR INDUSTRY.**

Our degree apprenticeships are supported by the following employers;
